--	---

Parcel A

- Last week, CDPH issued their final Parcel A-2 report, and they did not find radiological hazards.
- We expect CDPH to issue their dust wipe sampling report soon.

Ex. 5 Deliberative Process (DP)

Communications/Meetings

- As you all know, Yolanda participated in last Monday's HPS CAC meeting where she got the unexpected opportunity to answer many questions about the PRG Calculator and RESRAD, in addition to questions related to a possible future residential use of the site. This dialogue that occurred Monday night, as well as a follow-up call I had with Dr. Hunnicutt on Wednesday, leads me to want to clarify the purpose of these weekly calls. Our goal of these calls is that, ultimately, the Mayor's office and Supervisor Walton's office is informed of the activities happening at the site. And, your offices would be providing the relevant information.
 - We had been working under the expectation these weekly calls were an opportunity to share information with OCII, so that you would share with the HPS CAC and Supervisor Walton. Should we change the time/day to include Nadia Sesay? Should we be directly reach out to Dr. Hunnicutt? How should we be approaching our relationship with Supervisor Walton's Office?
 - Last summer, we came to an agreement that your offices would be passing along information to the Mayor's office. Is that still occurring? Or, should we be identifying a person within the Mayor's office to work with?

Ex. 5 Deliberative Process (DP)

- Does the City have any communications/meetings updates?

Mayor/Supervisor

- The Mayor's press release was helpful to understand the scope and schedule for the UC expert independent review panel.

Next Meeting

- Next meeting on May 6, 2019
